Catering

Our catering offer

Are you planning a small or large, privat or business event?

We take care of the culinary with pleasure. We offer stylish venues in Wallisellen and Oerlikon for small to medium-sized groups. Our catering service brings food and beverages to you or, if you wish, takes care of the service on site.

We produce the baked goods fresh by hand every day in our foundation's own bakery. Vegetables, herbs and salads are sourced whenever possible from our organic nursery, where we pay attention to the preservation and growth of old, traditional crops. We cook seasonally with regional and organic products in the kitchen of the Enzian Foundation.

The Enzian Foundation runs restaurants, training companies and special schools. We are committed to people with health restrictions.
